**PETITION TO REVIVE**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22213-1450

Sir:

Pursuant to MPEP 711.03(c) I B and 37 CFR 1.8(b)(c) this is a petition to revive the  
subject Application to the extent that it has been held to be abandoned. The undersigned, Don  
Finkelstein, hereby states that he has personal knowledge of the facts set forth herein:

1. Applicant received an Office Action dated July 20, 2007 setting a shortened statutory  
period of time to respond of three months, with extensions of time available up to three  
additional months, or until January 20, 2008, for filing a Response upon payment of the  
appropriate extension of time fee.

2. A response to the Office Action of July 20, 2007 was timely mailed to the Patent and  
Trademark Office with a certificate of mailing of January 17, 2008. I personally placed the  
envelope in the U.S. Postal Service mail box at 38 58 Carson Street, Torrance, CA 90503 as first

class mail with sufficient postage thereon. The Response was accompanied by a check for \$550.00 for the three month extension of time and a return postcard. A true and correct copy of the Response and a copy of both the check and the return postcard is attached hereto.

3. The return postcard has not yet been received. The check has not yet been negotiated.

4. In a telephone conversation with Examining Attorney Mark Wendell on this date it was determined that the Response had not yet been docketed in the files and records of this application. Since the date is more than six months from the date of the Office Action of July 20, 2007, the application may have been deemed abandoned by the Patent and Trademark Office.

5. I have no knowledge of what happened to the Response after it was placed in the mailbox and thus mailed to the Patent and Trademark Office.

6. To the extent the Application has been deemed abandoned, it is respectfully requested that it be revived and the enclosed Response be transmitted to the Examining Attorney for appropriate action.

7. I hereby declare that all statements made herein of my own knowledge are true and all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under section 1001 of title 18 of the United states code and that such willful false statements may jeopardize the validity of the application or any
